

# The FAMILY FUN BOOK

A Yukon Activity Book

# The **FAMILY FUN BOOK**

A colouring and activity book.

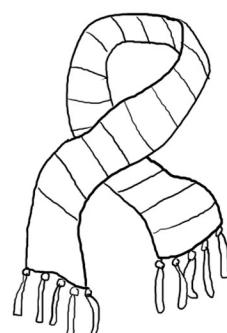

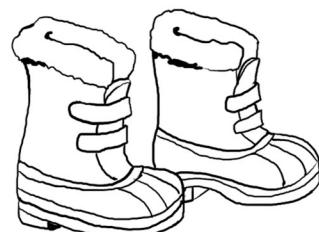

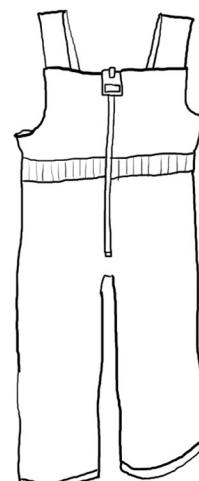

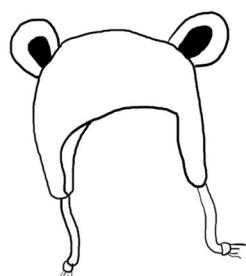

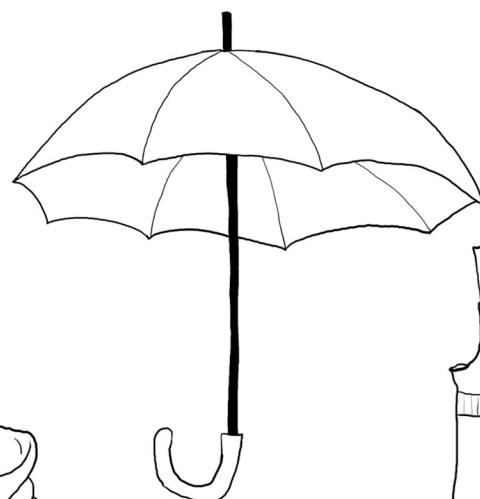

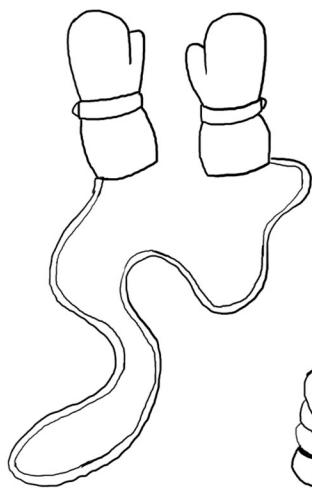

By Sierra van der Meer + Monika Melnychuk

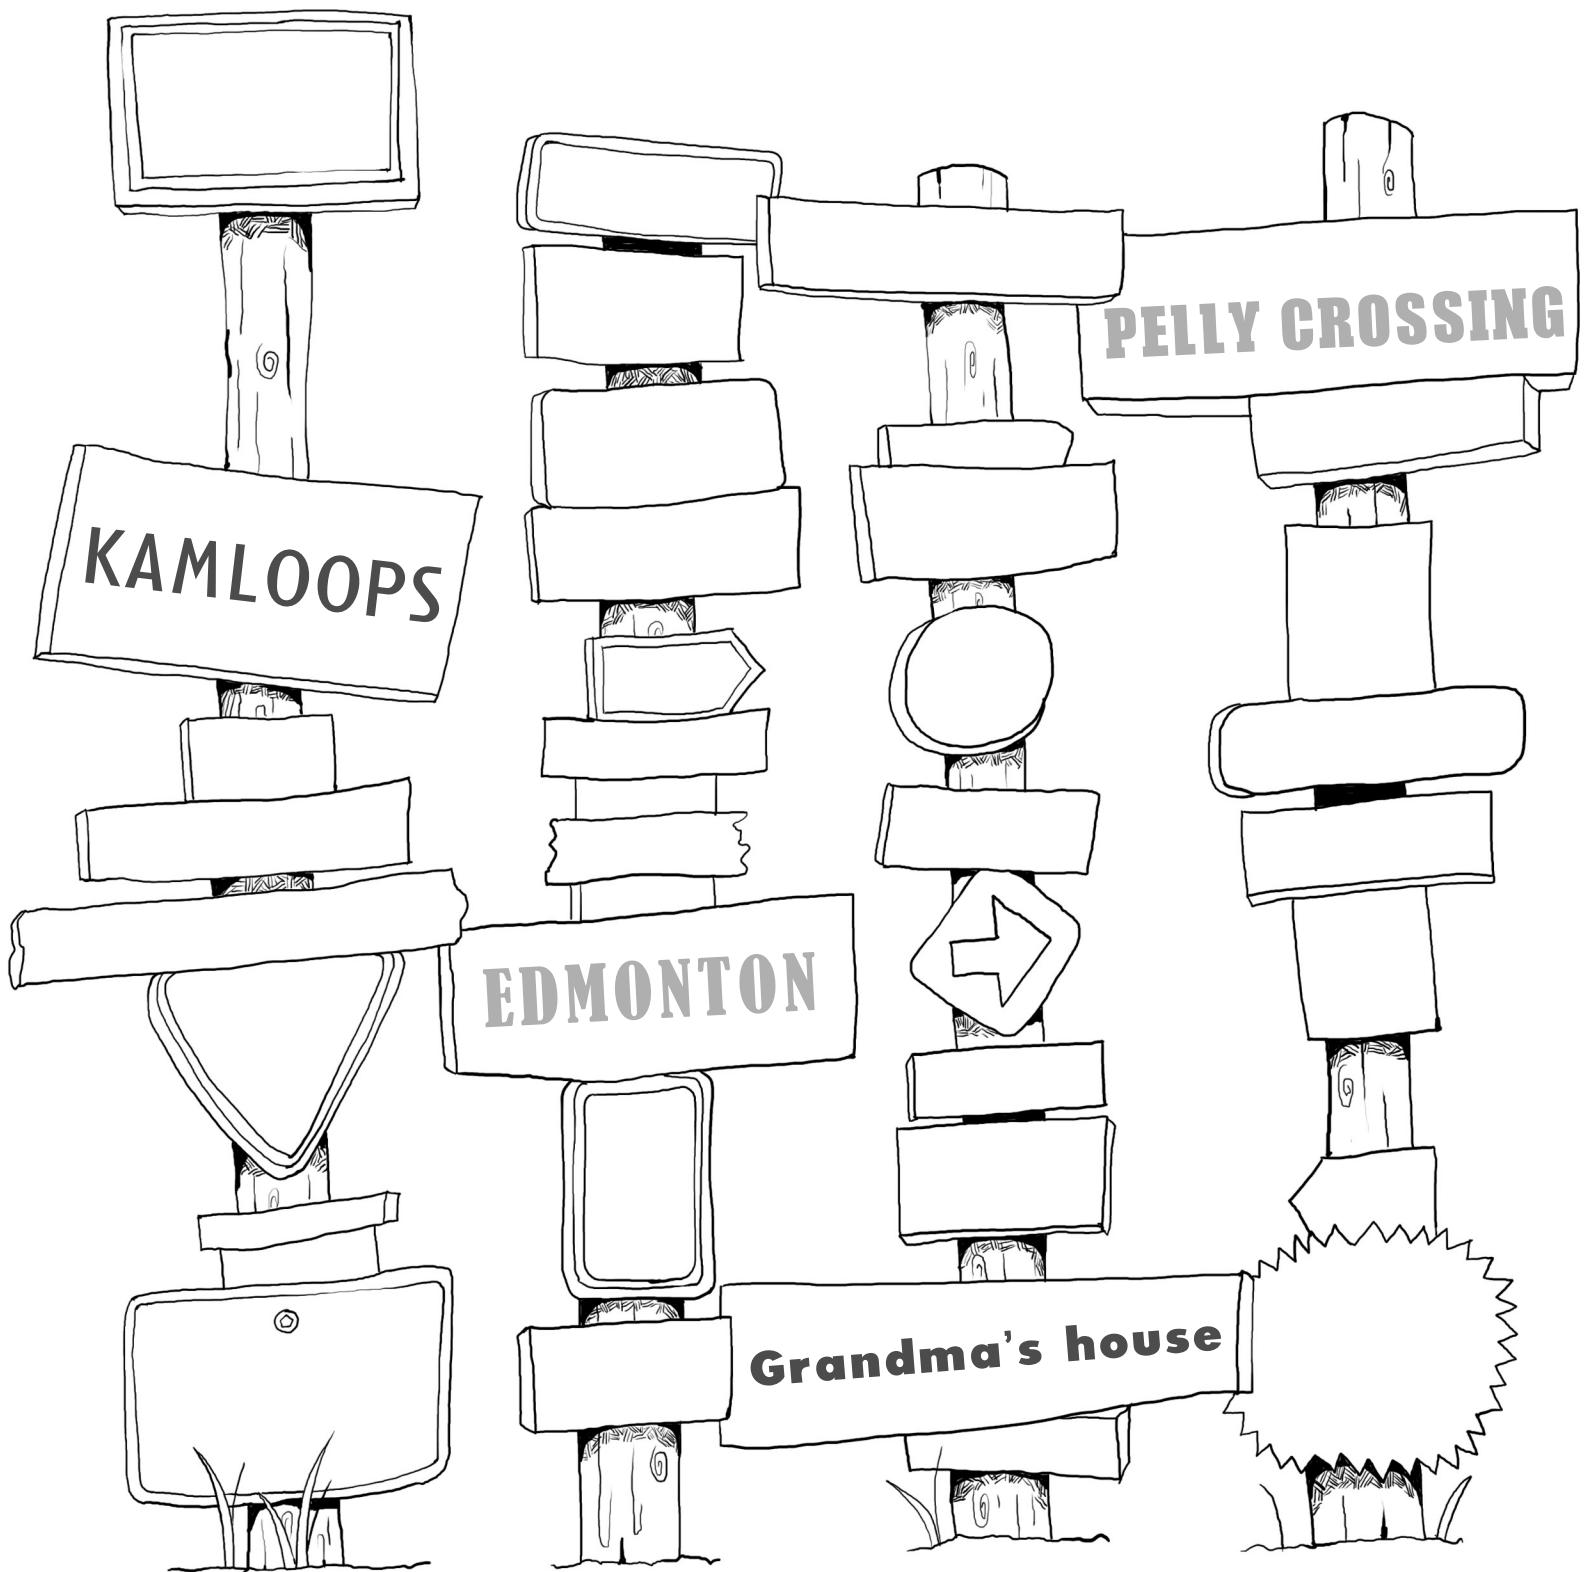

Draw a picture of your **family** and what you like to do in the **Yukon**.

The **weather** in the Yukon changes all the time.

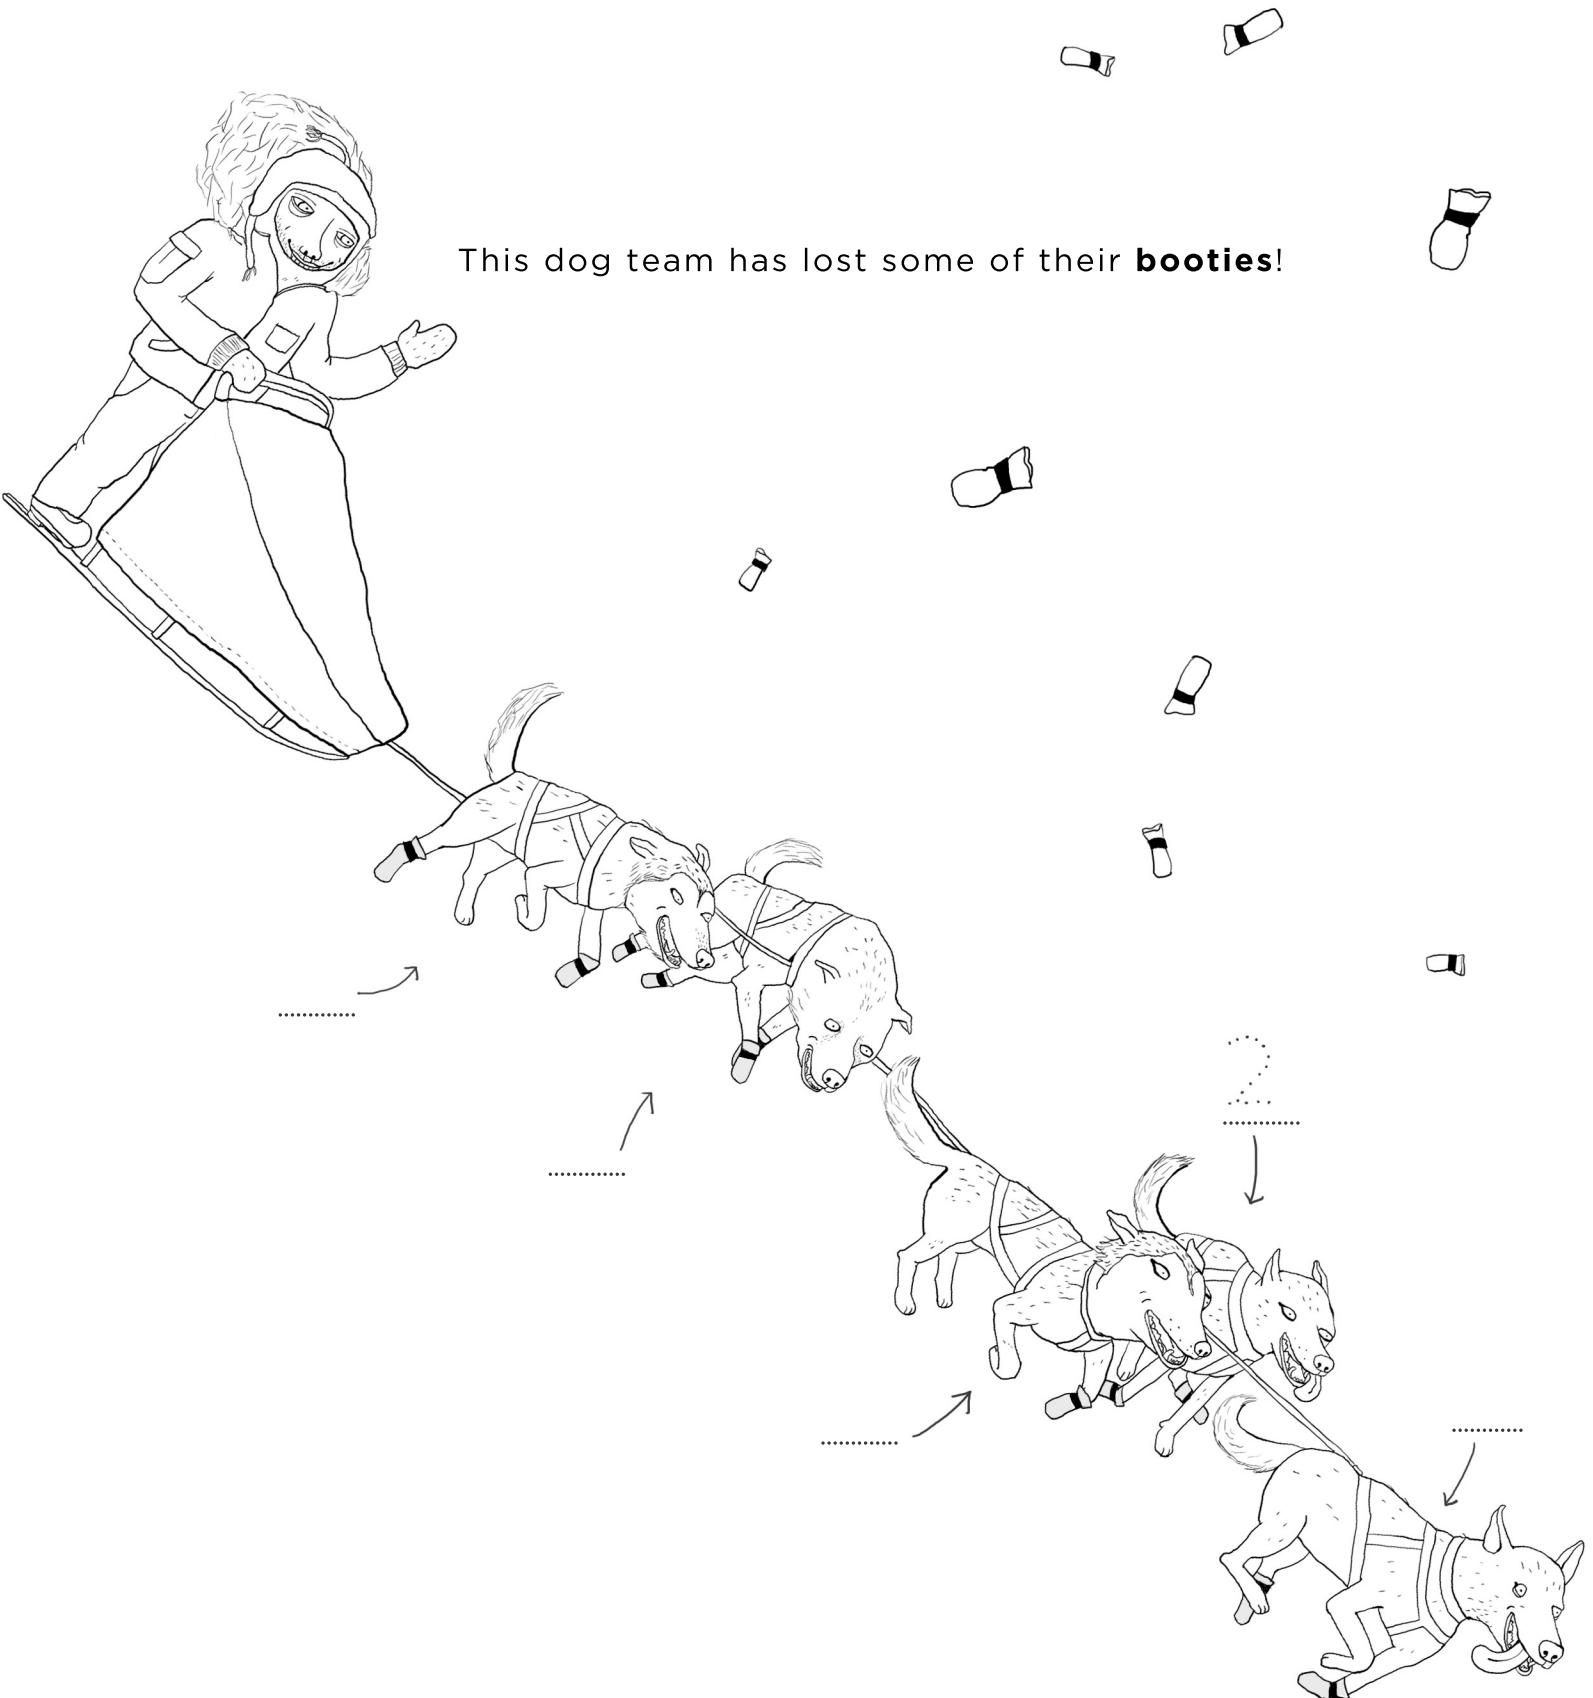

Circle what you are going to wear today.

The **Watson Lake signpost forest** is full of signs from all over the world.

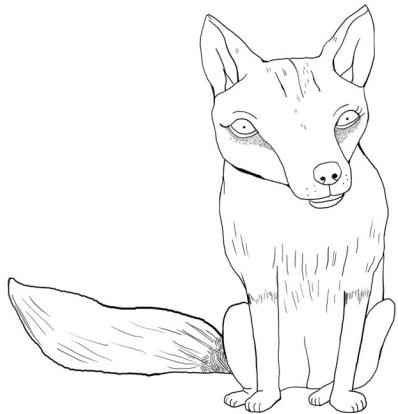

Write down some places you've gone. Write down some places you want to go.

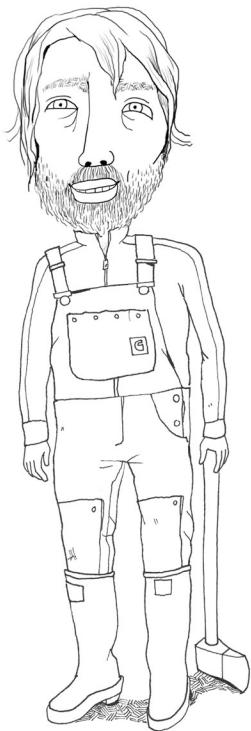

How many **new booties** does each dog need?

How many **booties** does the **musher** need in total.....?

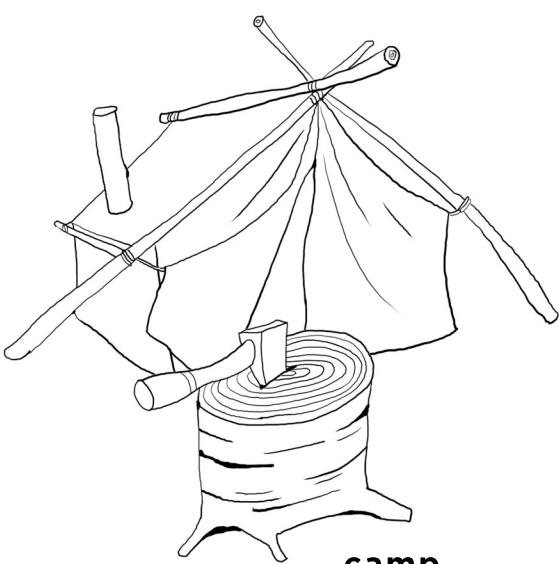

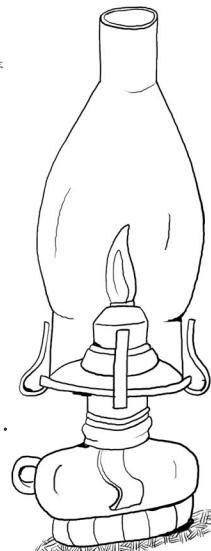

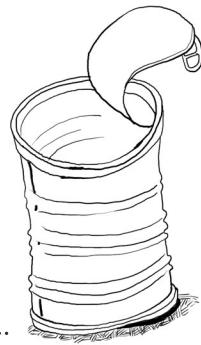

Draw a line between the pictures that rhyme.

**fox**

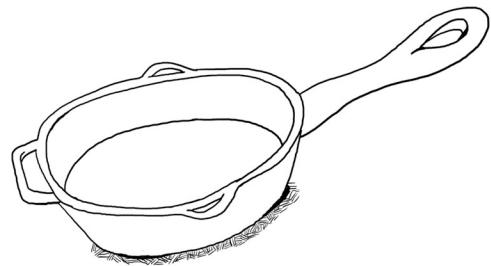

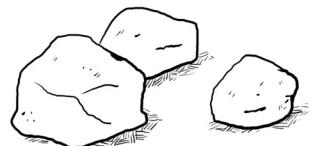

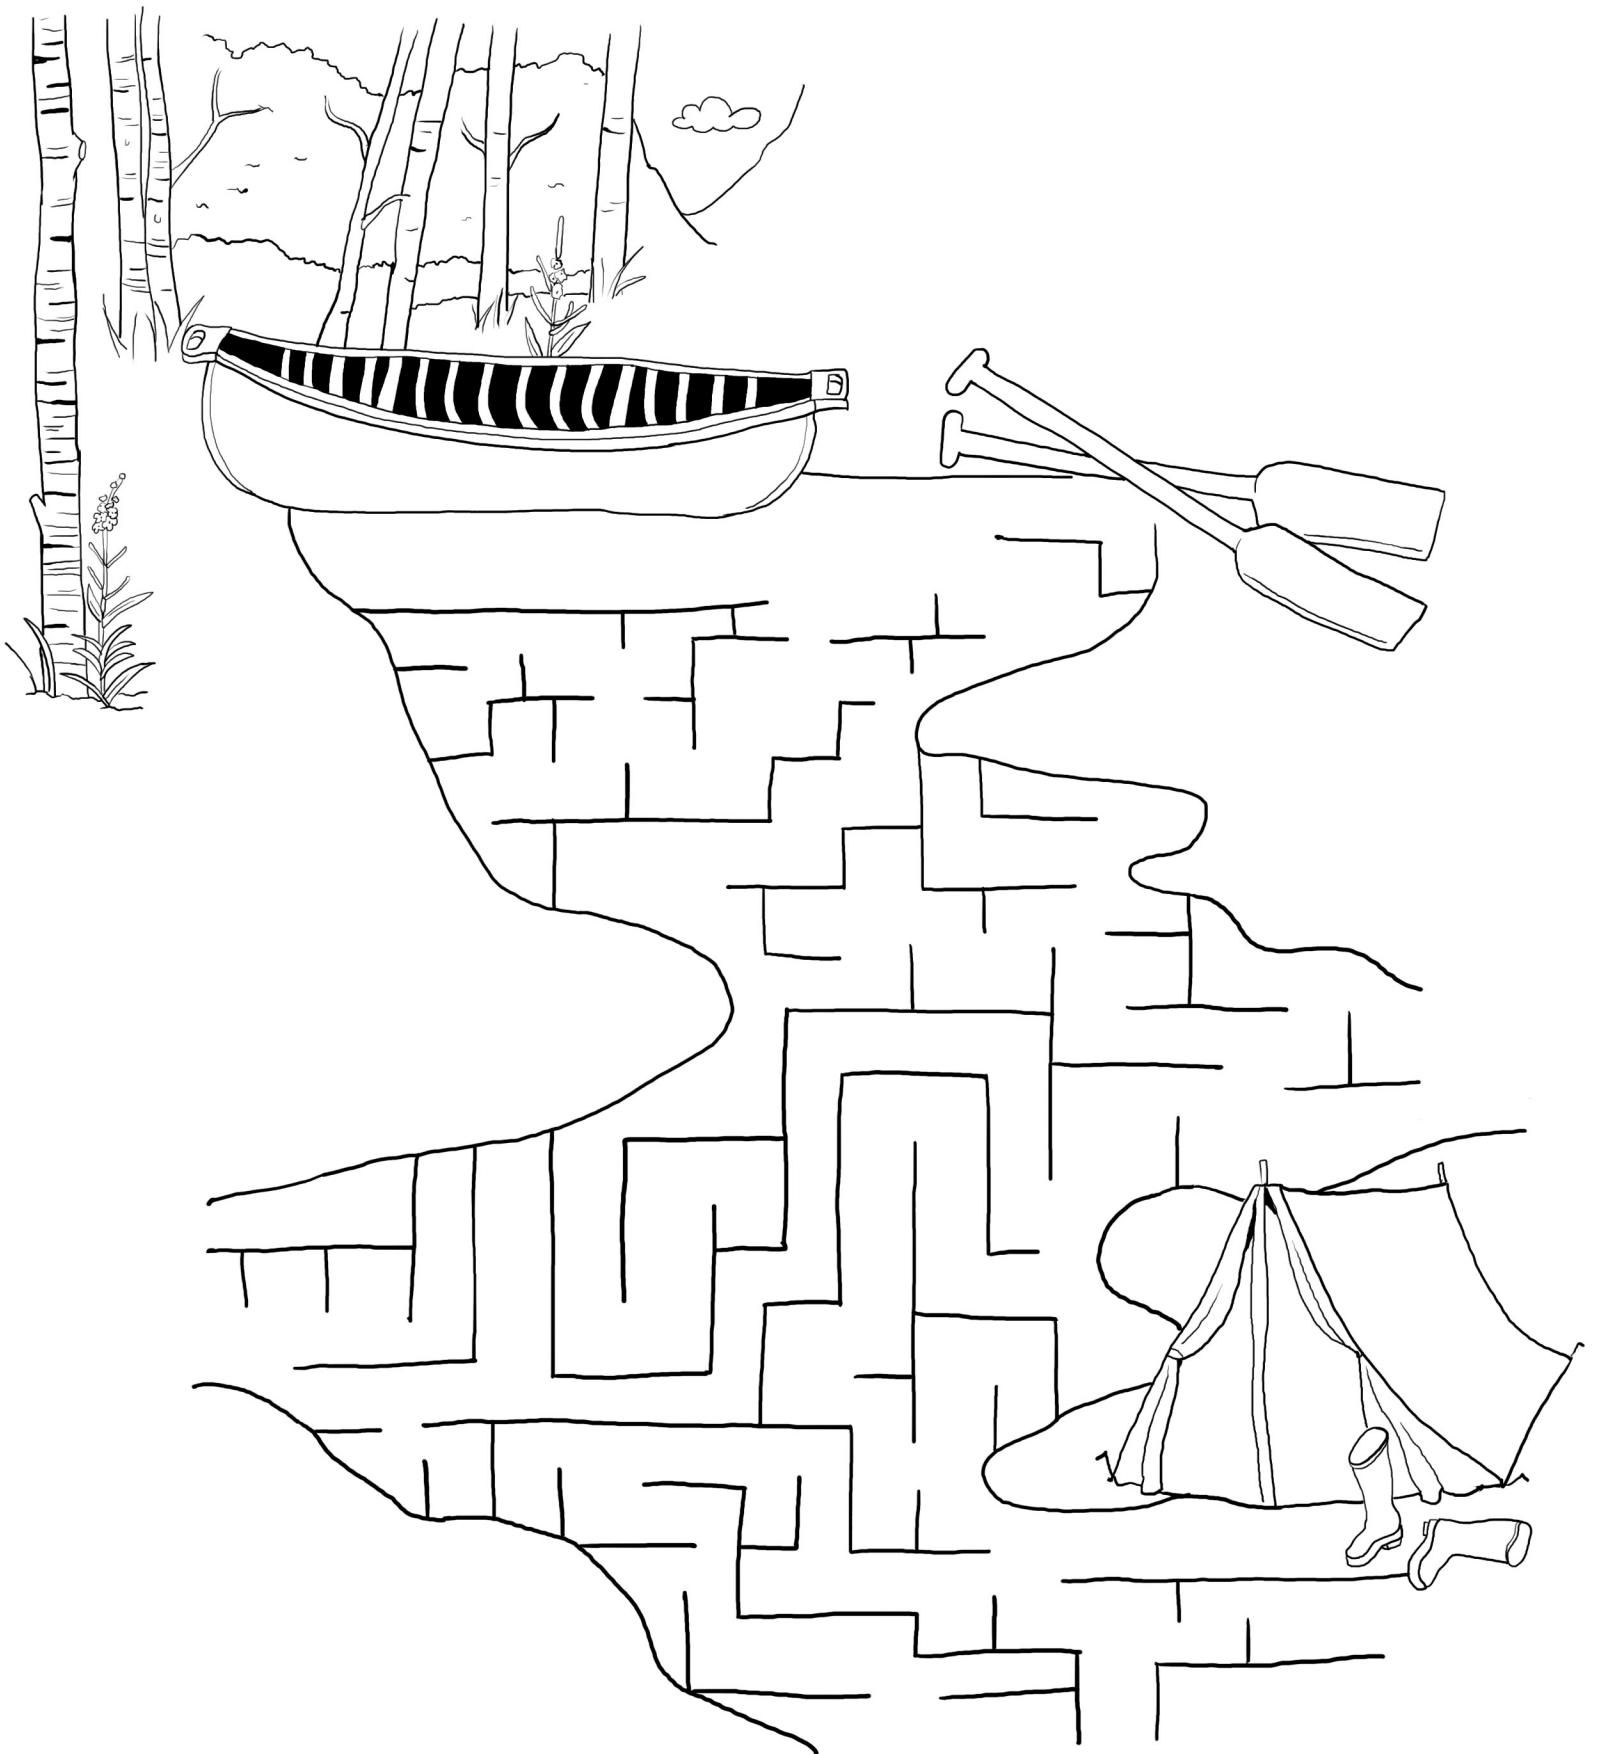

**man**

**camp**

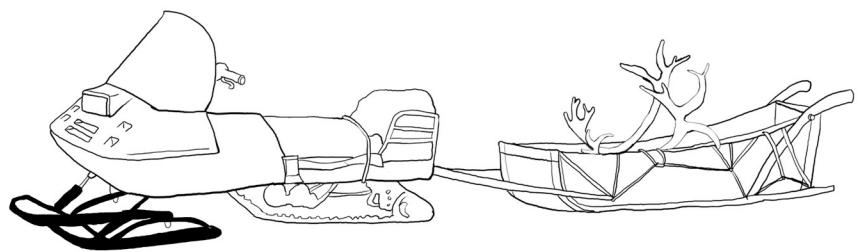

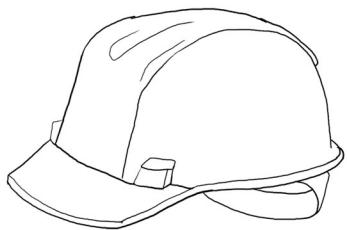

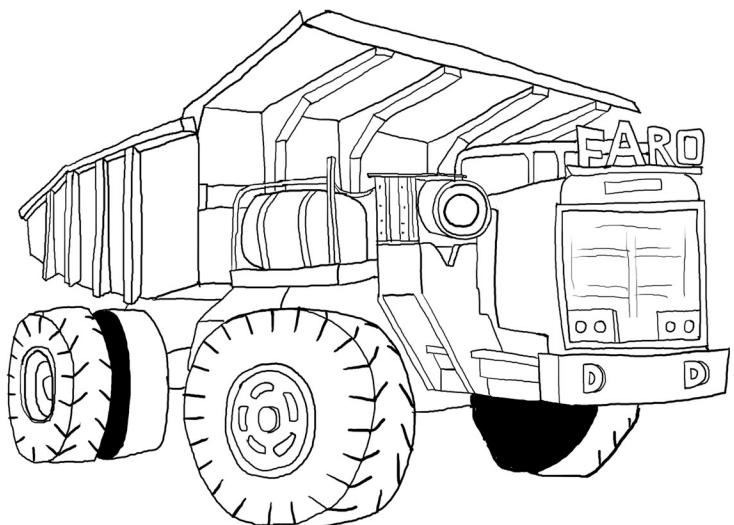

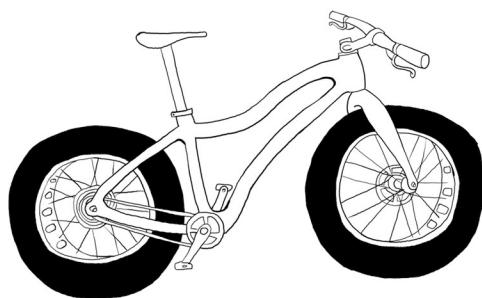

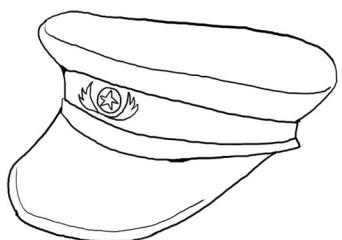

rocks

Can you help the **canoe** get down the river to the **camp**?

People in the Yukon **travel** in all sorts of different ways.  
Match the hat with the way you get around.

Rearrange the letters to  
discover the name of the **fish**.

halibut

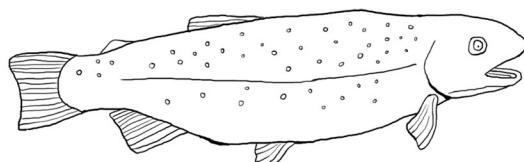

sockeye salmon

grayling

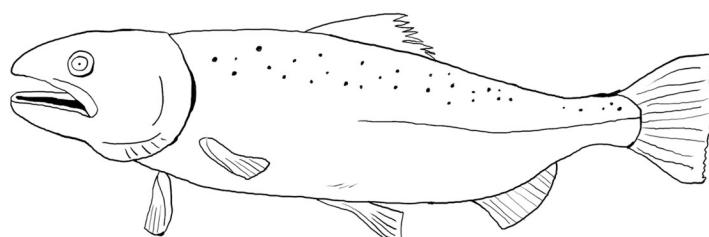

arctic char

coho salmon

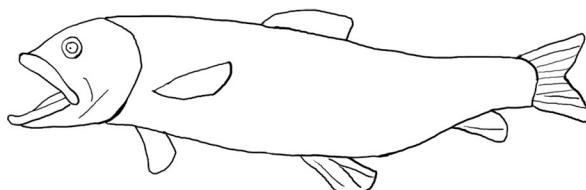

king salmon

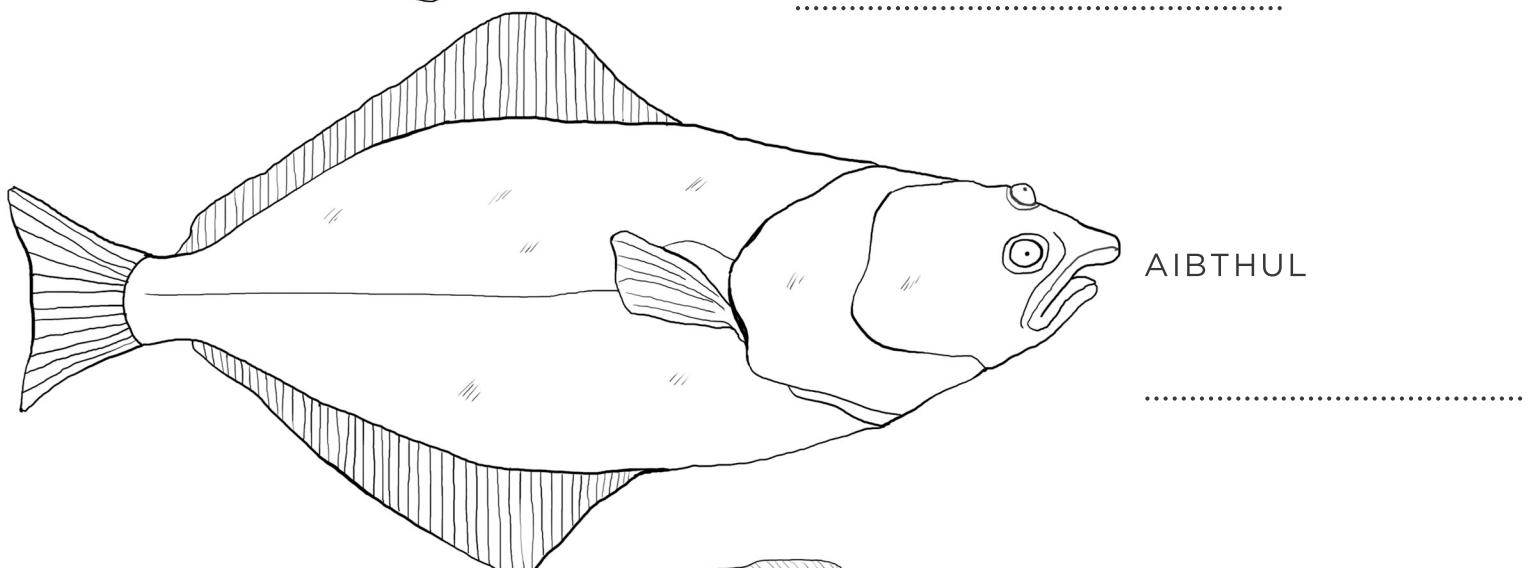

HCOO AMSLON

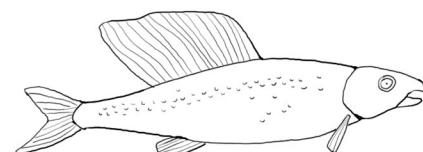

KGIN OSNALM

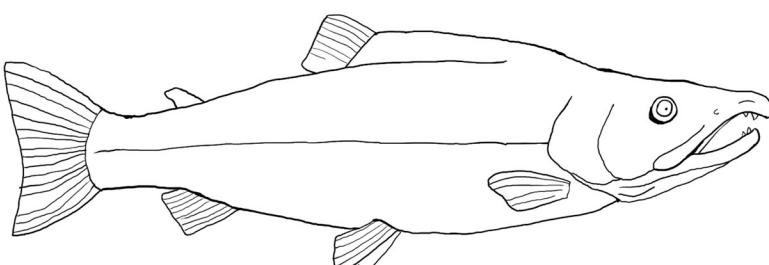

CATRCI AHCR

AIBTHUL

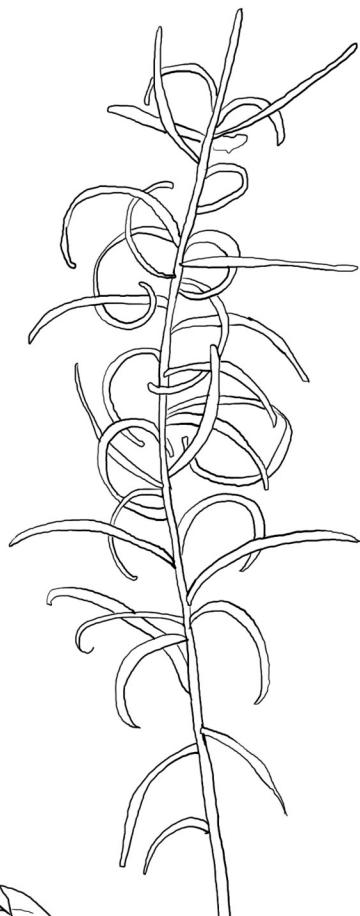

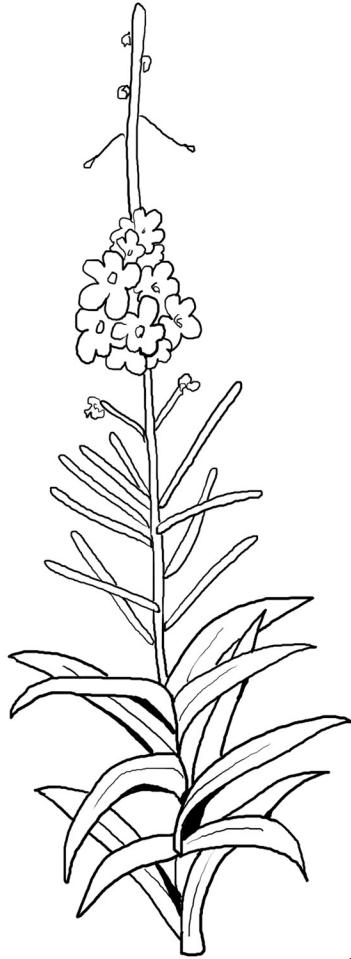

GYRAGLIN

KESOYYC MASNLO

Match the number to the right stage of the **fireweed** cycle.

- .....  
.....  
.....
1.  
In the spring the fireweed starts with bright green tender leaves.

2.  
In the summer pink flowers grow at the top of the fireweed and seed pods develop under the flowers.

3.  
At the end of summer the pods burst open into fluffy seeds that can fly in the wind.

4.  
In the fall the leaves wither and turn bright red and orange.

How many

.....?

.....?

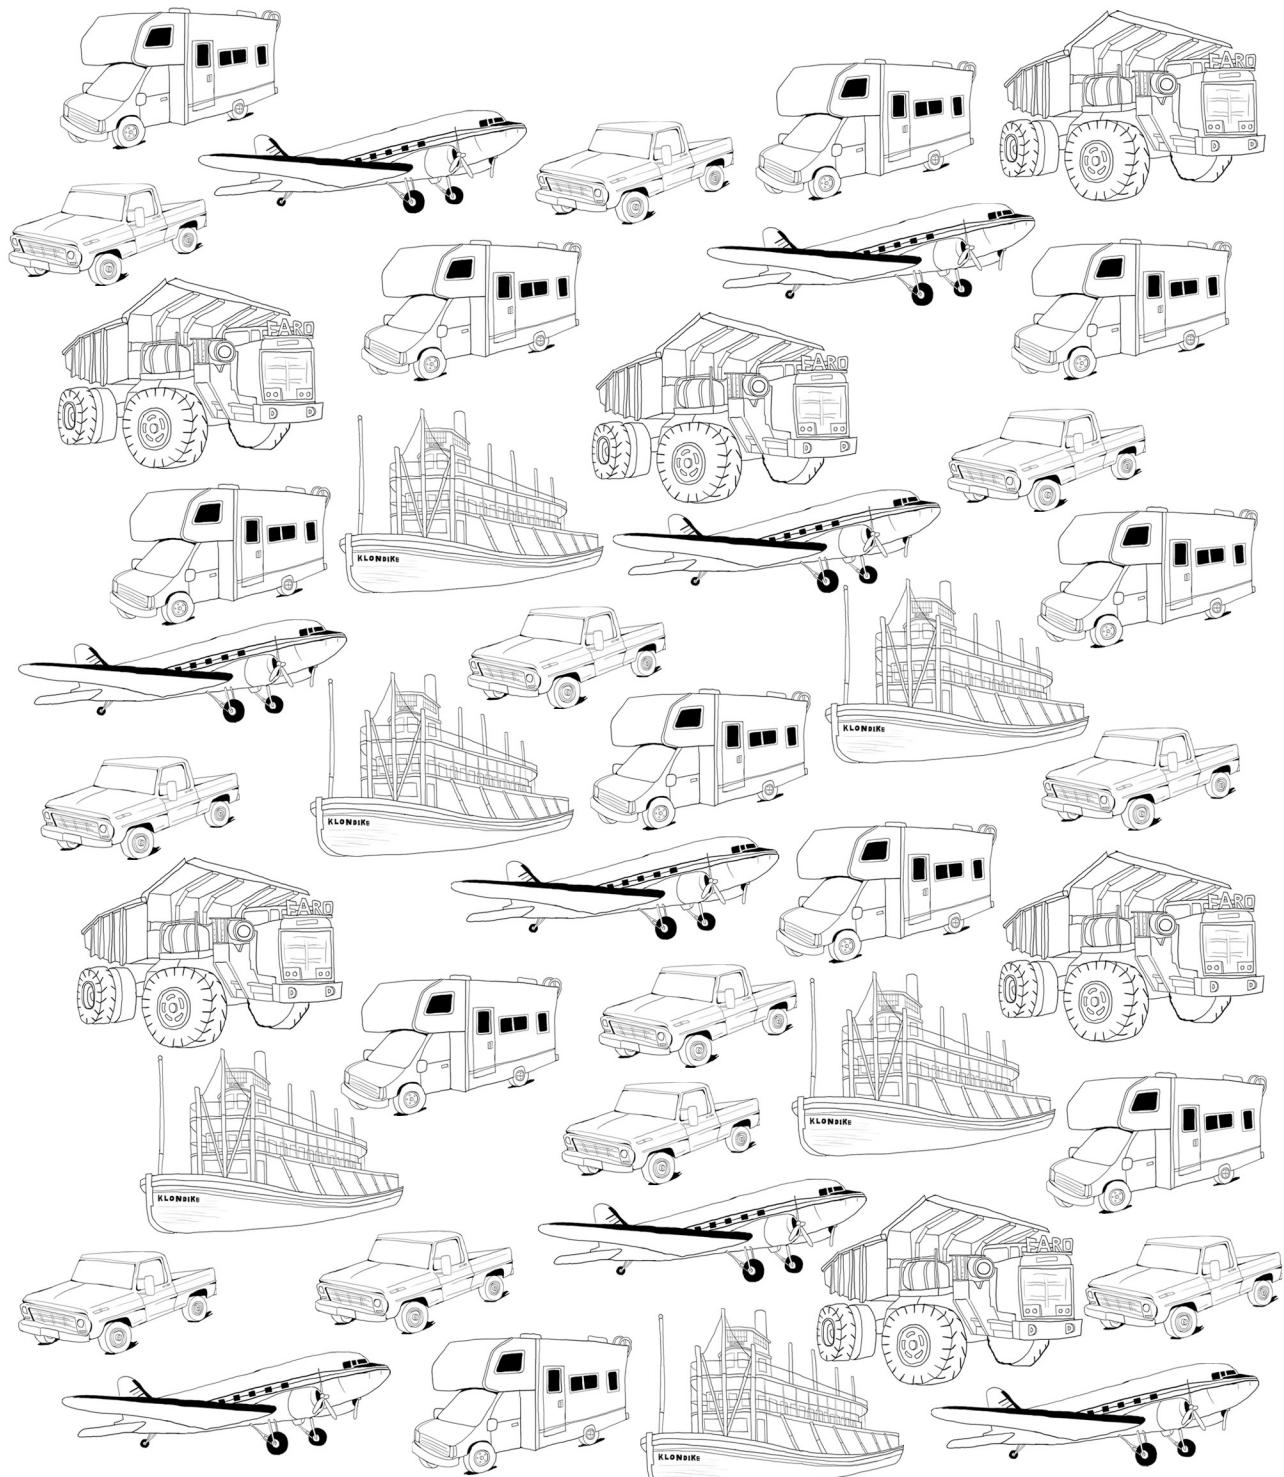

.....?

.....?

.....?

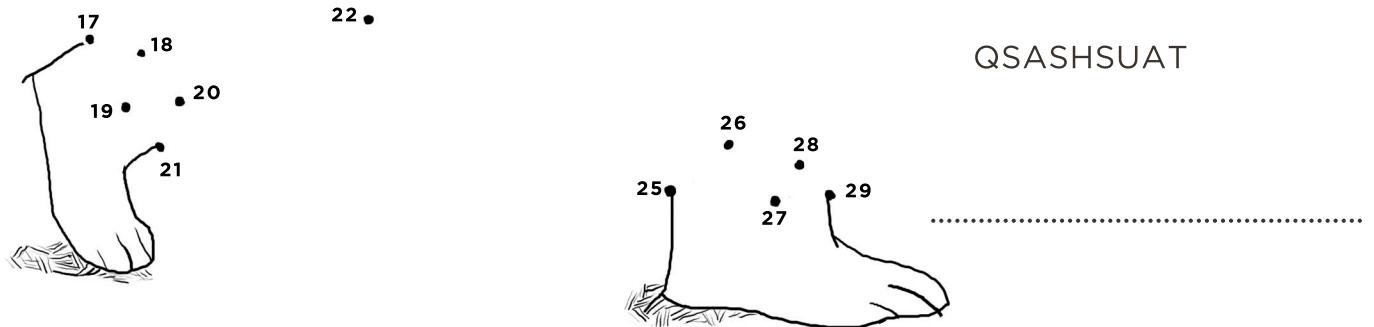

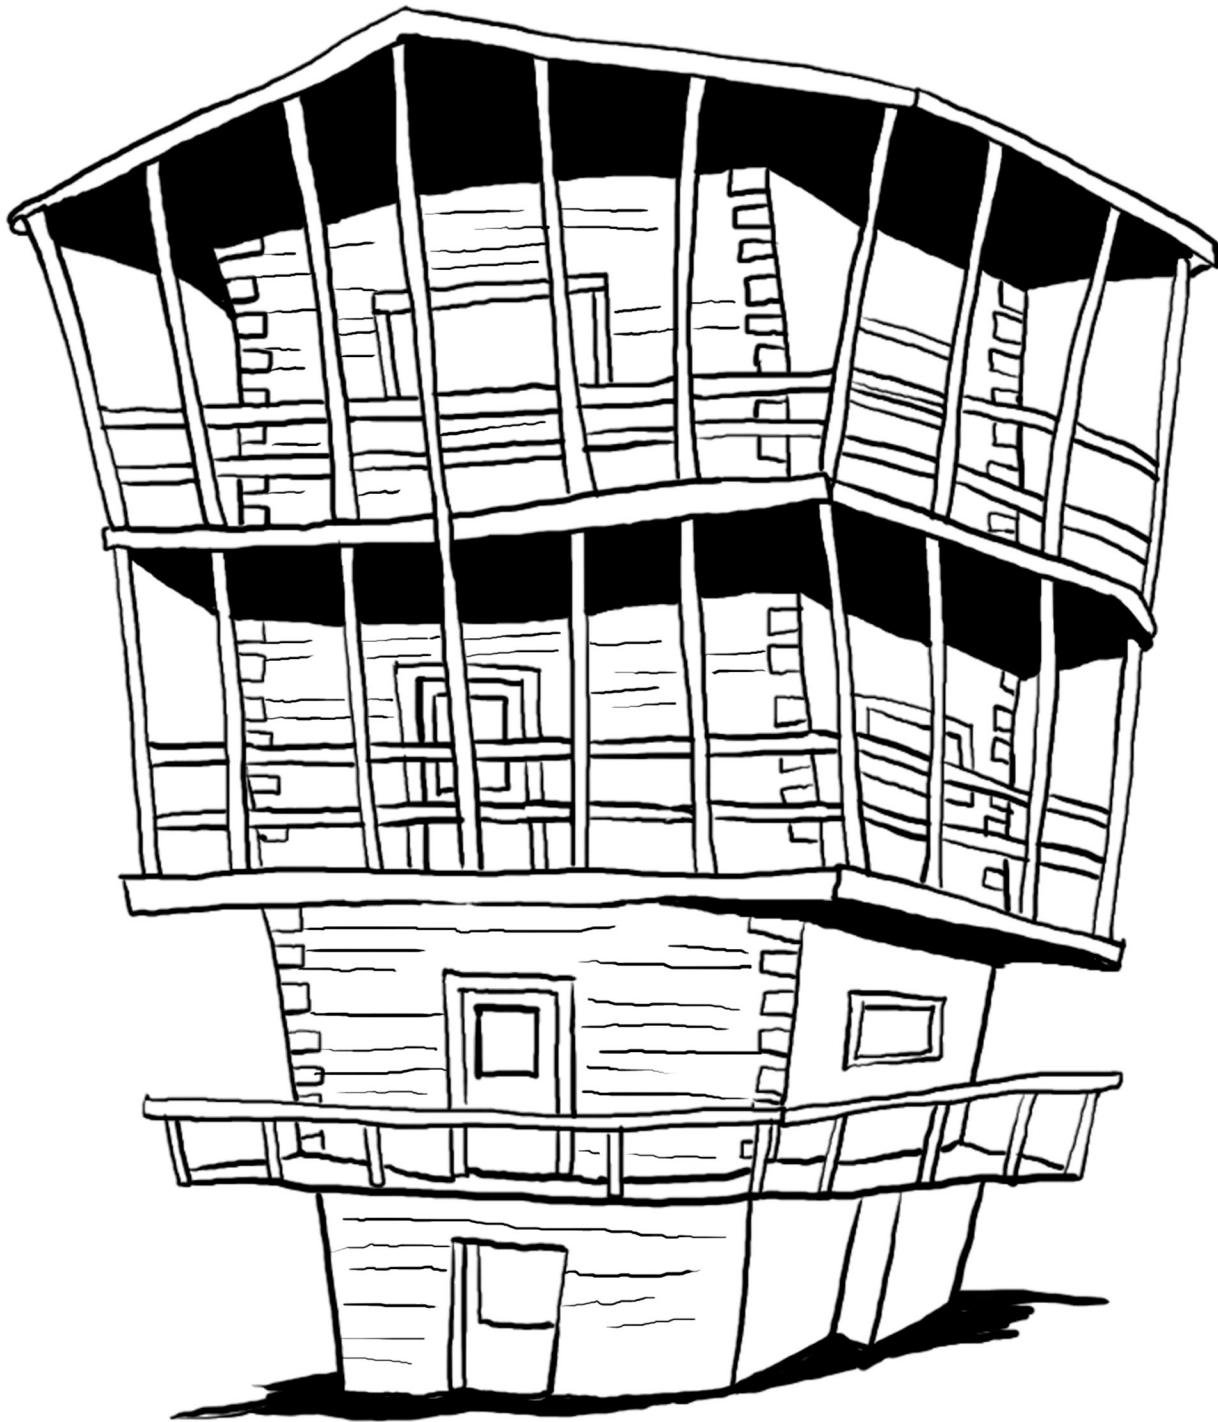

Connect the dots to see a Yukon legend.

Rearrange the letters  
to see who it is.

QSASHSUAT

Whitehorse's **log skyscraper** needs a new coat of paint.  
How do you think it should be painted?

## Ms. Fox's bannock recipe

### Tools

1 large bowl  
1 large spoon  
1 fork  
Cast Iron frying pan

### Ingredients

2 cups of flour  
1 heaping tablespoon of baking powder  
1 teaspoon of salt  
1 teaspoon of sugar  
1 egg  
1 lb of lard  
2 cups of cold water

1. Heat lard in the frying pan on medium to high heat.
2. Mix all the dry ingredients together well.
3. Make a well.
4. Mix the egg and cold water in a measuring cup.
5. Pour water/egg mixture into the well, mix ingredients together.
6. Test the lard to see if it is hot enough. Lard is ready when a small drop of batter will brown instantly when dropped into the pan. Turn down the heat if the lard starts to smoke
7. Use a spoon to drop bannock into the hot lard, flatten it out a little.
8. When you see air bubbles form on the top of the bannock then it is time to turn it over.
9. Place on paper towels. Serve with butter, jam or peanut butter.

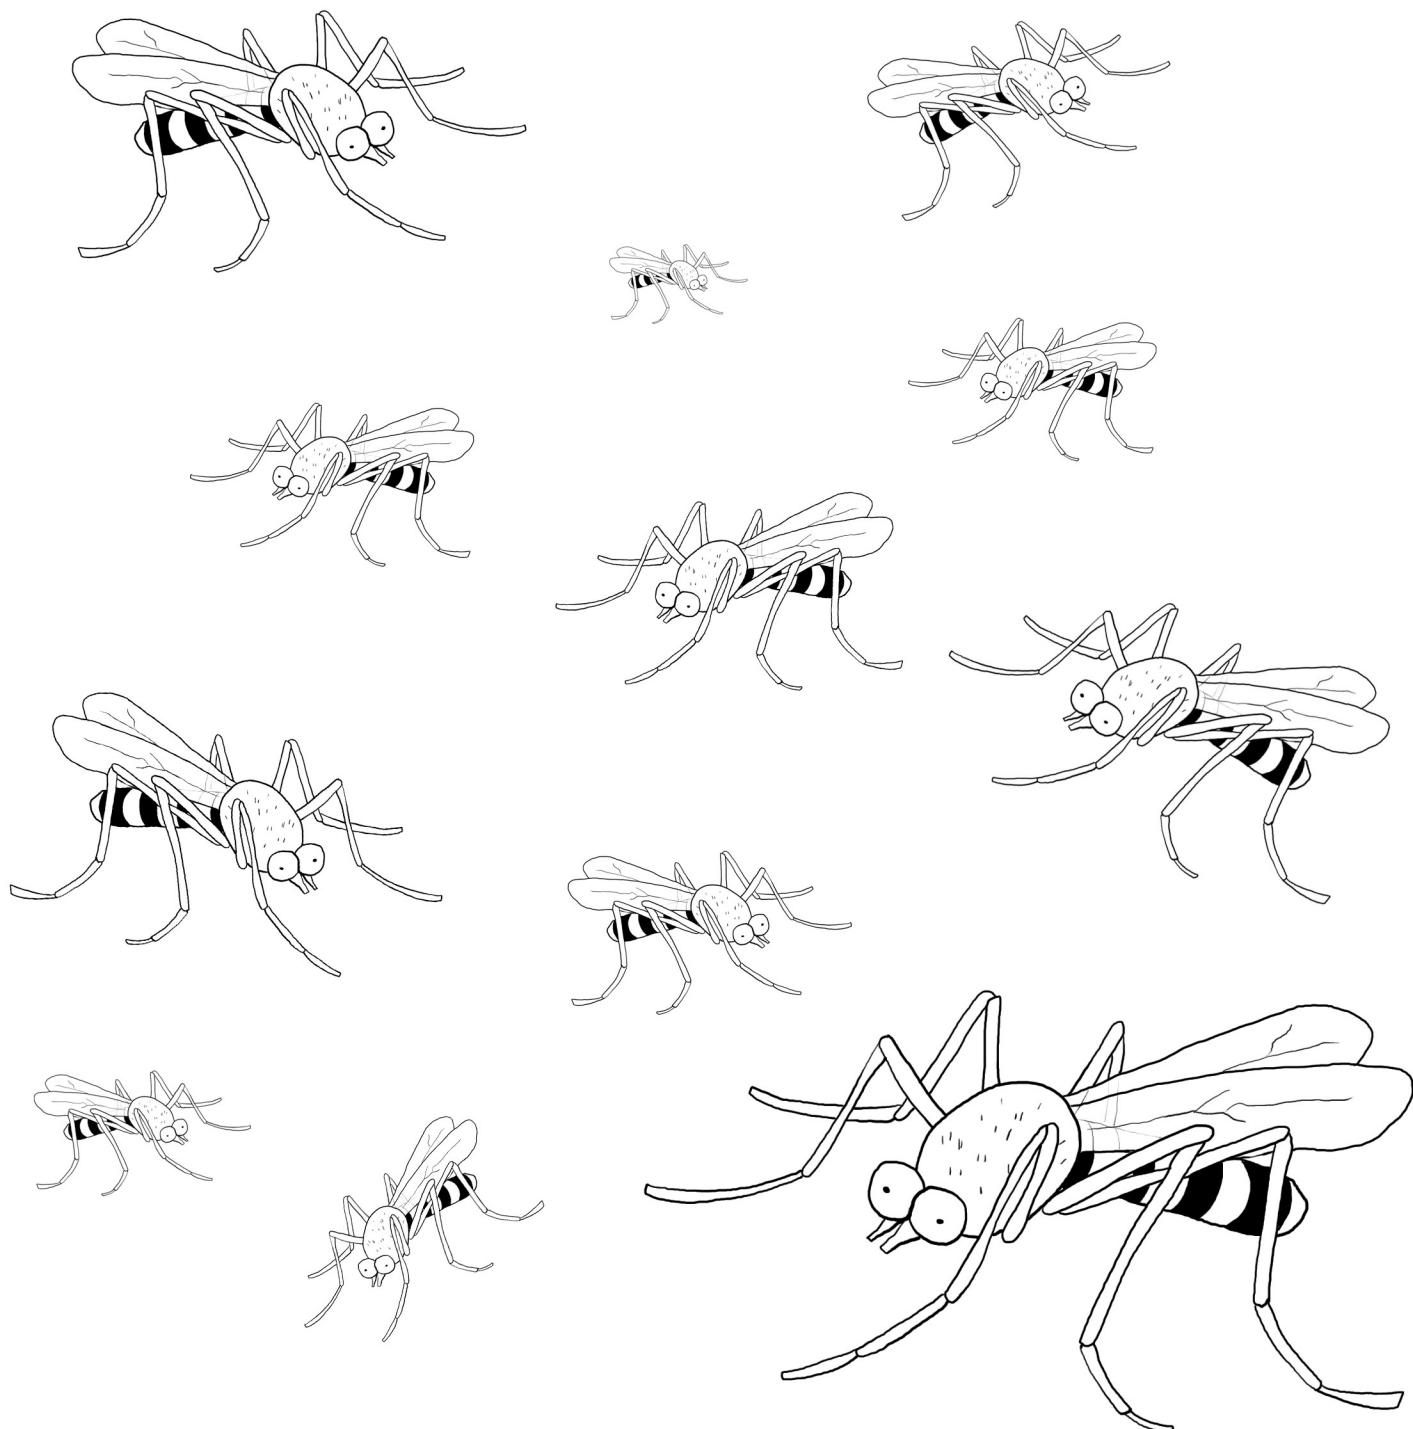

The world is full of **shapes**. How many of each **shape** can you see?

triangles ..... circles ..... squares ..... rectangles

**Raven** likes to  
find **special things**  
to take back to her nest.

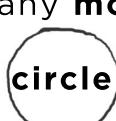

If you were a **raven**, what would you  
take back to your nest?

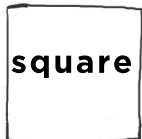

How many **mosquitoes** can you count on this page? .....

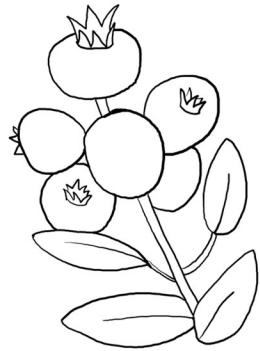

Draw a **circle** around the biggest.

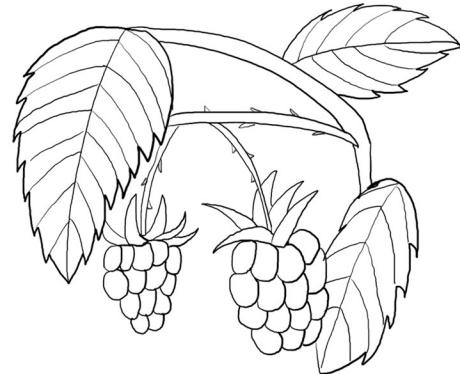

Draw a **square** around the smallest.

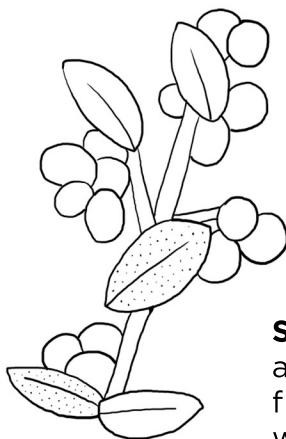

Colour the Yukon **berries**.

Wild **blueberries** are **blue** and round with a pointed crown on the end. The leaves are **green** and **oval** shaped.

**Raspberries** are **red** and shaped like a bell. Each berry is made up of many small round circles. Raspberries leaves are **green** and have **3-5 points** and the plants have **thorns**.

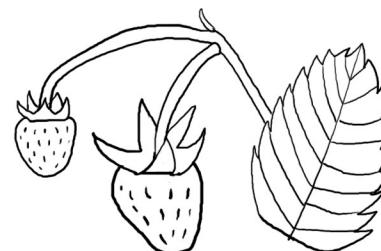

**Soapberries** are round and **bright red**. They are found on small bushes with oval leaves that are **green** on one side and **spotted** on the other.

**Cranberries** are round and **dark red**. They are found on low, creeping plants with **small oval dark green** leaves.

**Moss berries** are round and **black**. They are found on low plants that have **needle** shaped leaves.

**Wild strawberries** are **red** and bell shaped berries covered in small seeds. The edges of the leaves are **jagged**.

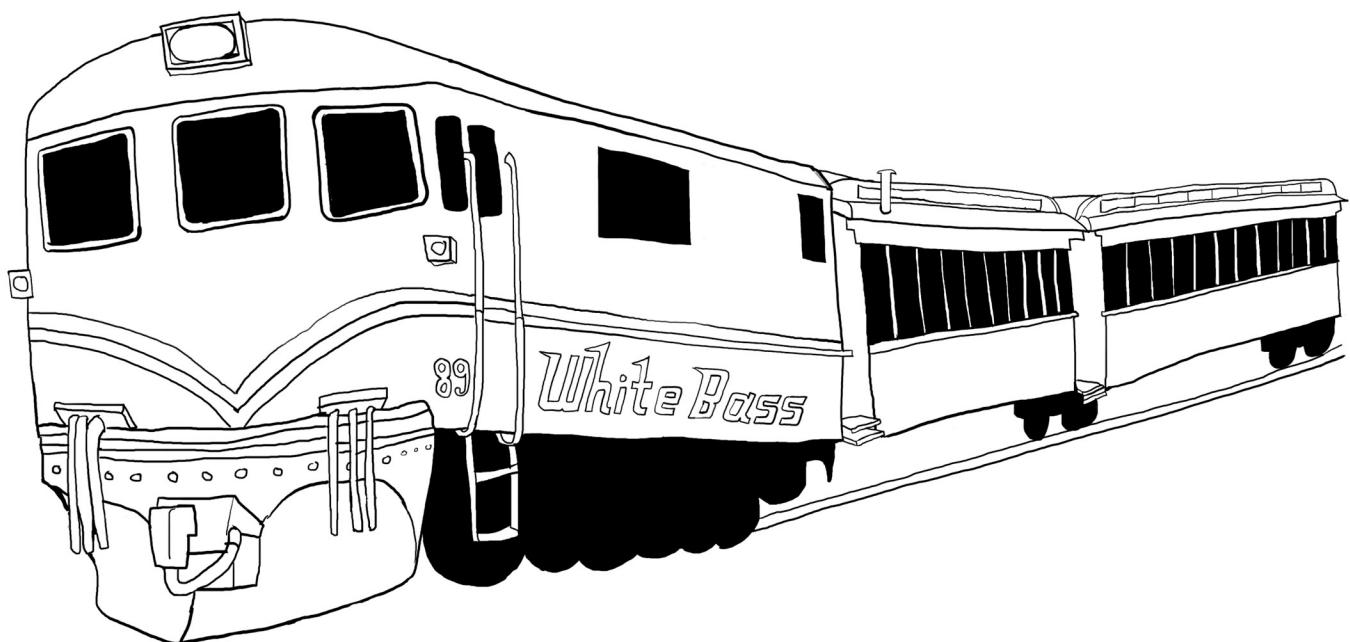

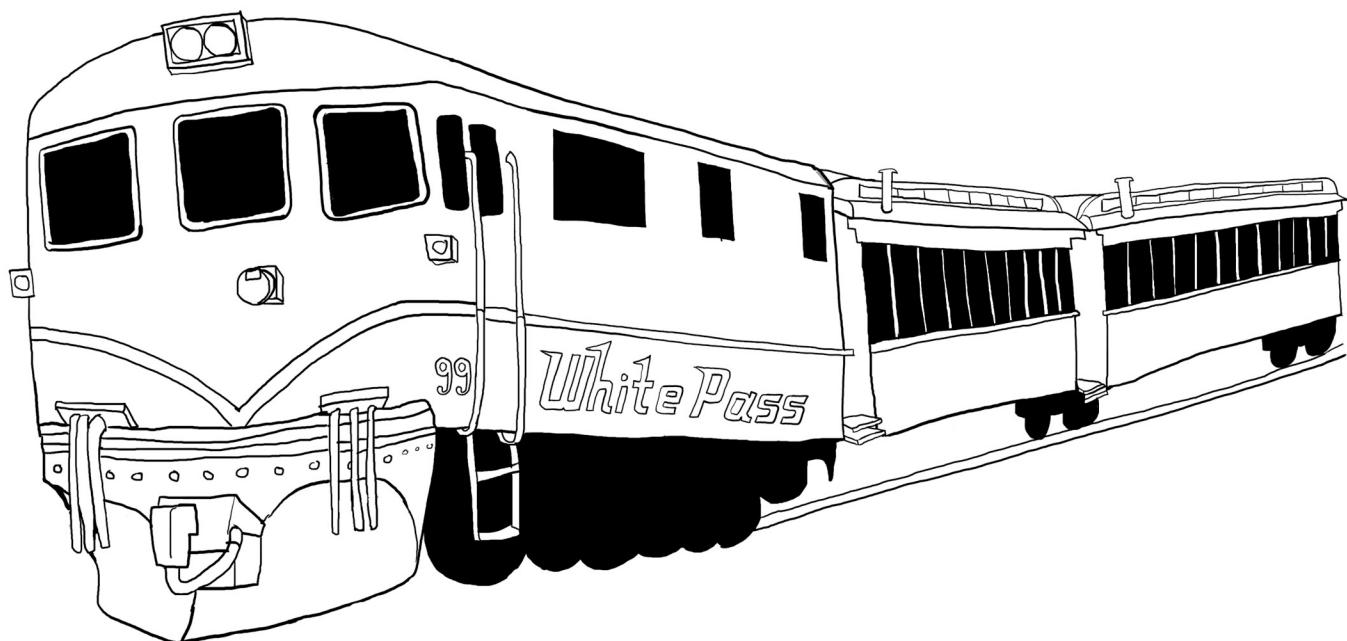

**Moccasins** keep your feet nice and warm.

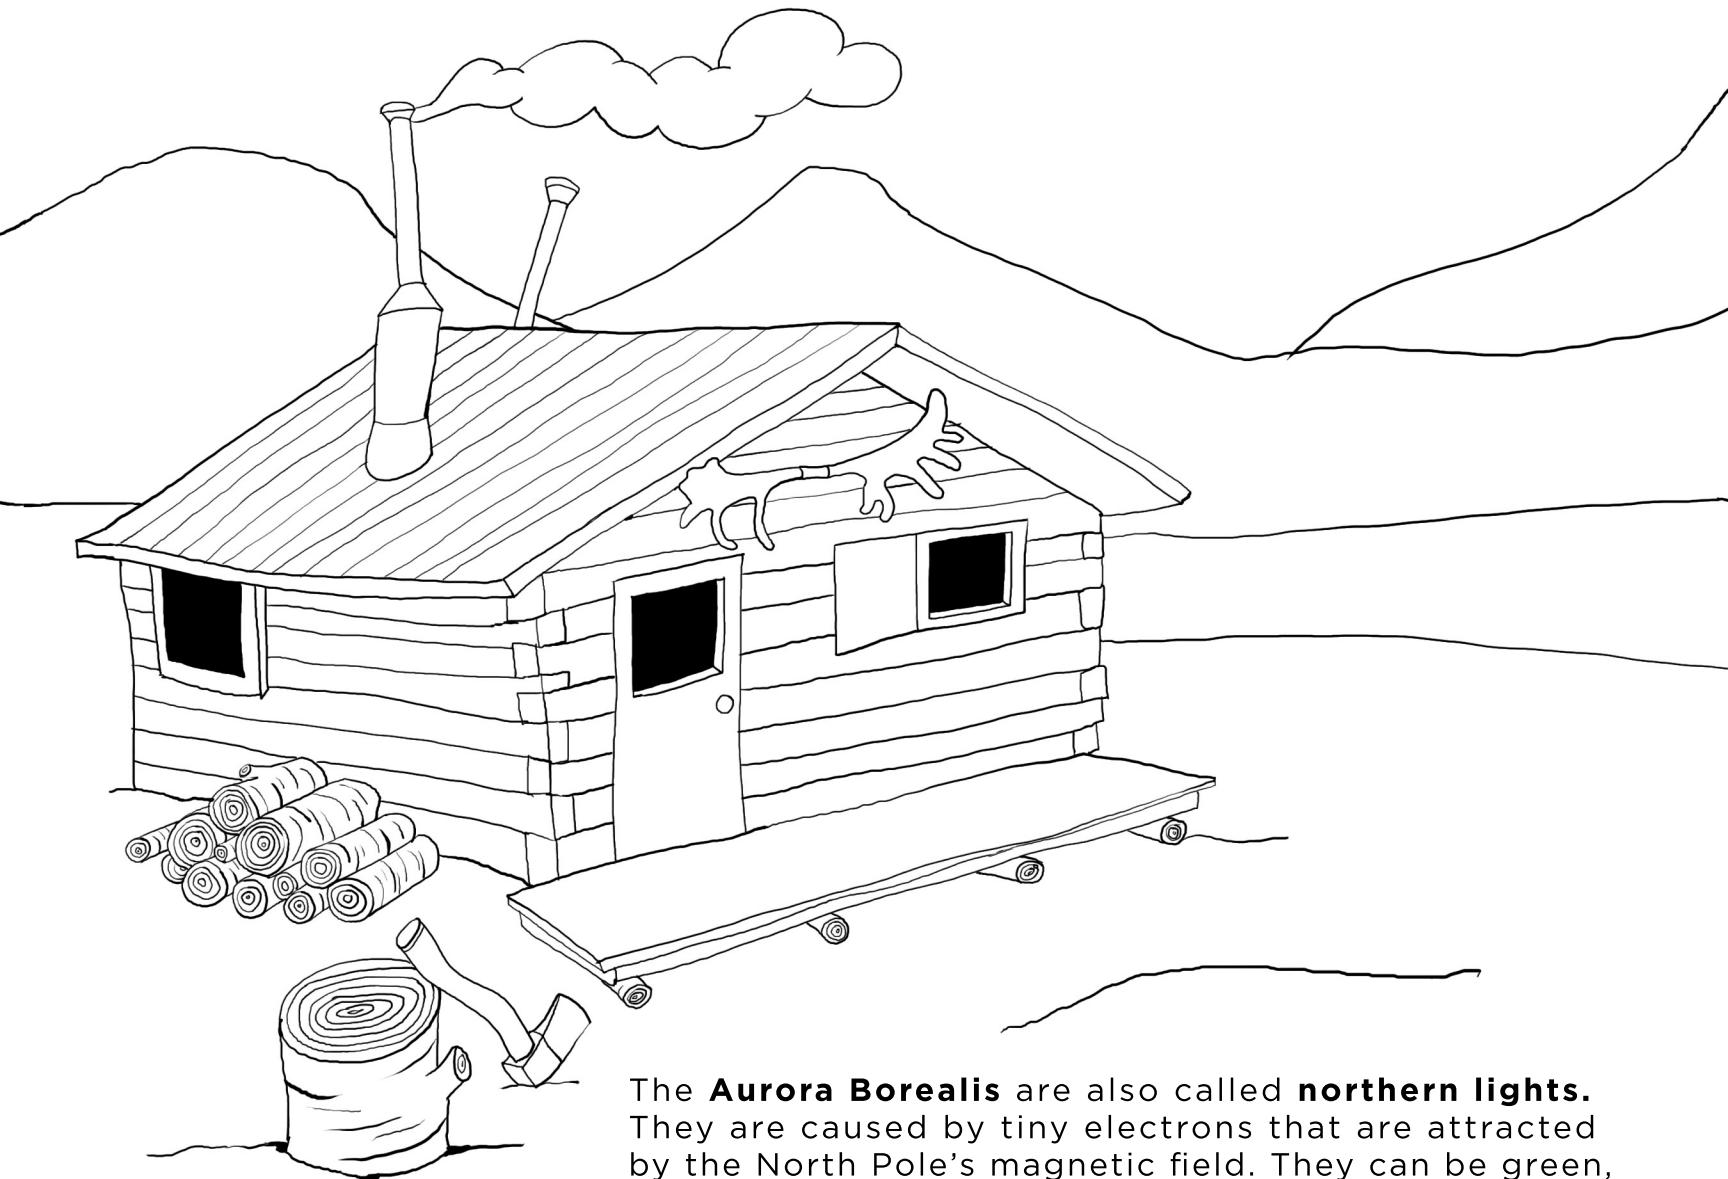

The top part of the moccasin can be beaded with different designs.

What would you like your moccasin to look like?

Colour the **beads** to make your design.

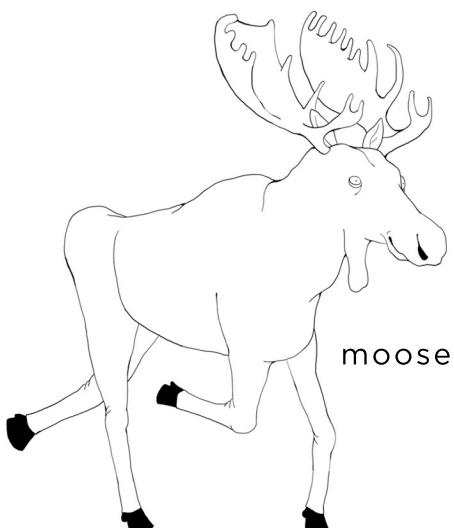

Spot 7 **differences** between these two pictures!

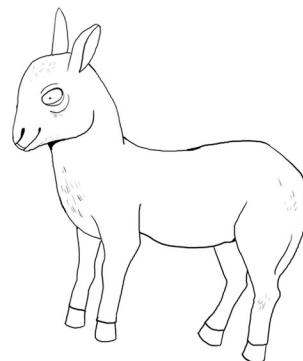

The **Aurora Borealis** are also called **northern lights**. They are caused by tiny electrons that are attracted by the North Pole's magnetic field. They can be green, pink, purple, red or blue and swirl across the night sky.

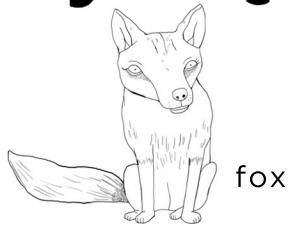

Colour some **northern lights** above the cozy cabin.

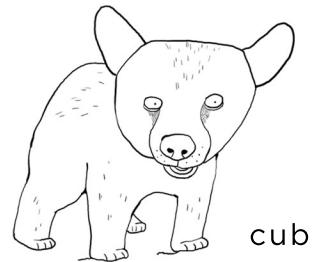

moose

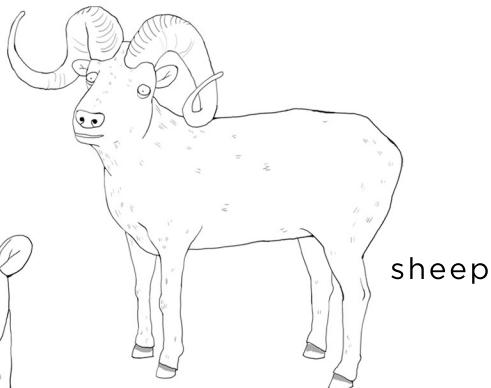

lamb

fox

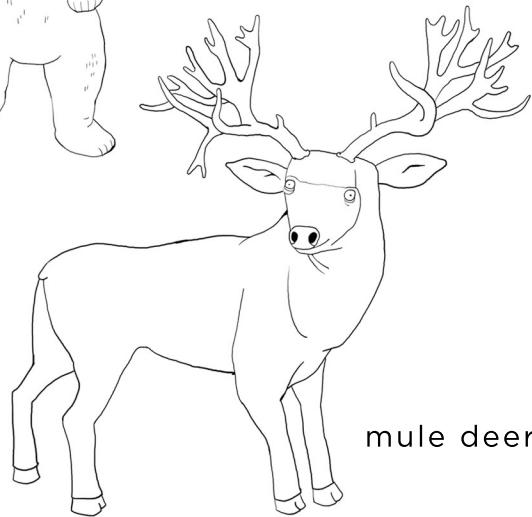

cub

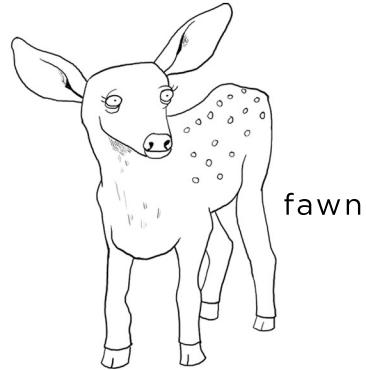

sheep

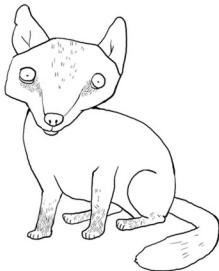

bear

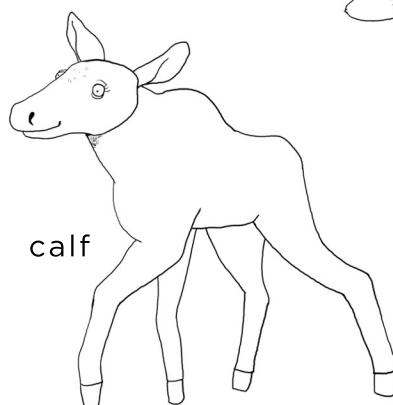

mule deer

fawn

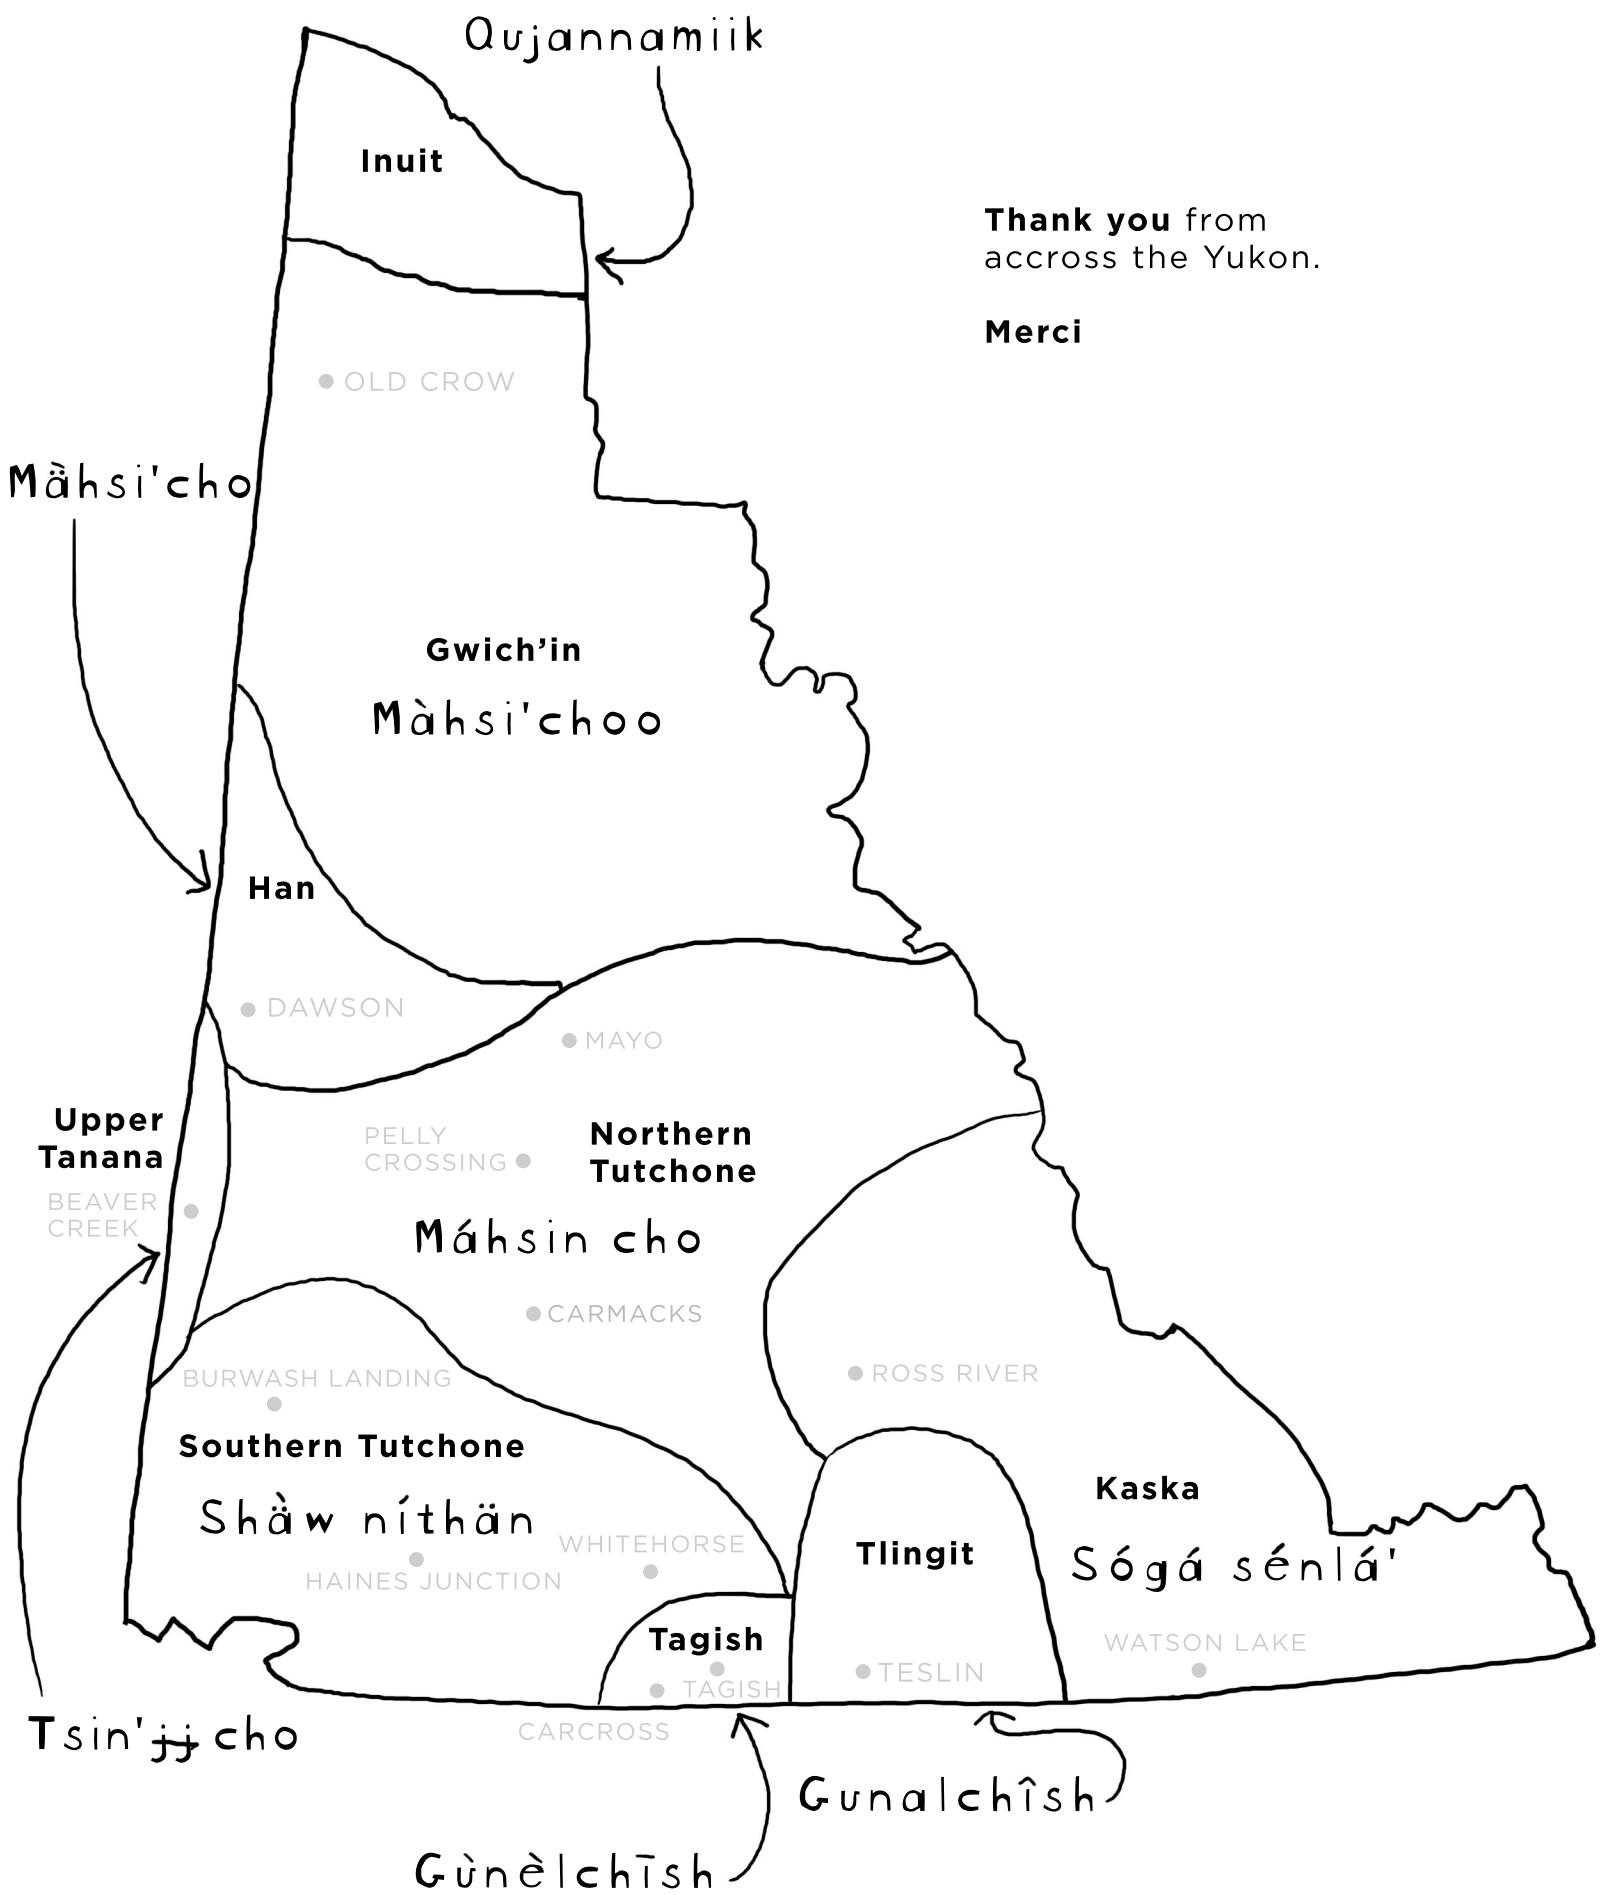

kit

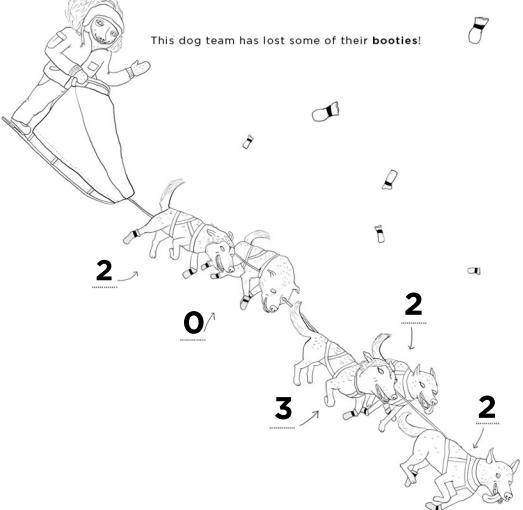

calf

Connect each **animal** to it's **baby**.

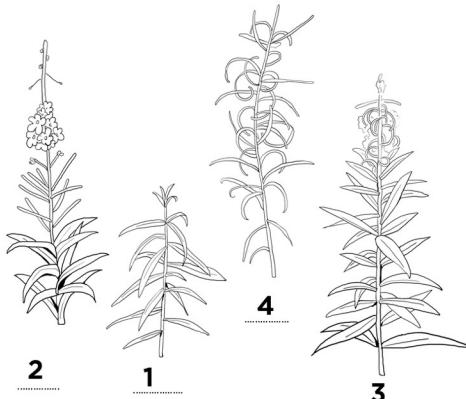

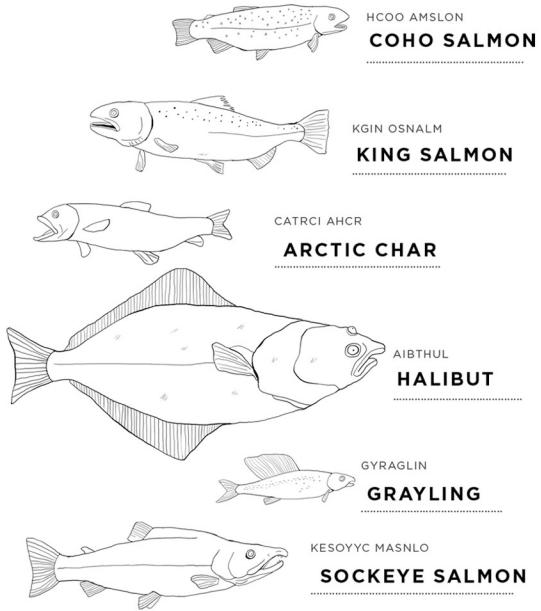

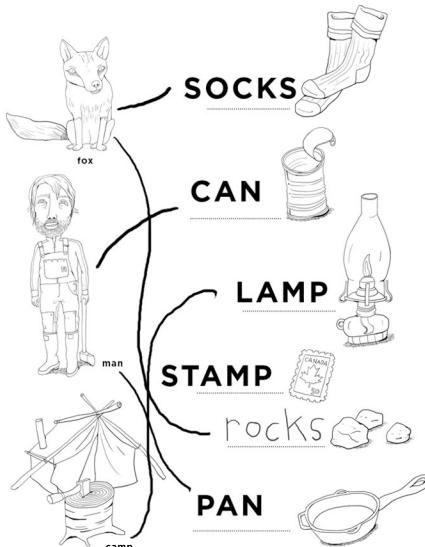

**ANSWER PAGE.**

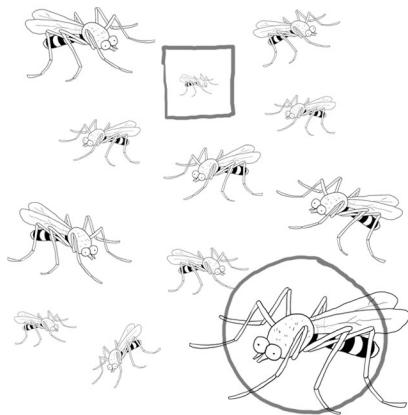

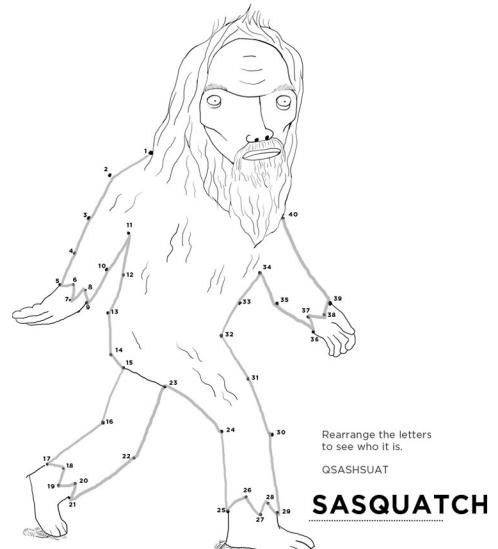

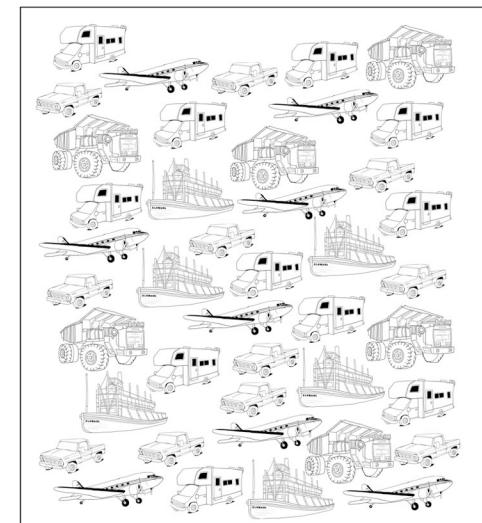

How many **new booties** does each dog need?

How many **booties** does the **musher** need in total ..... ?

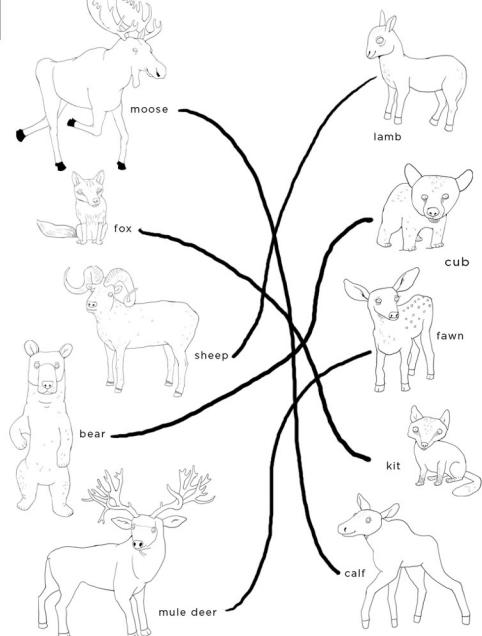

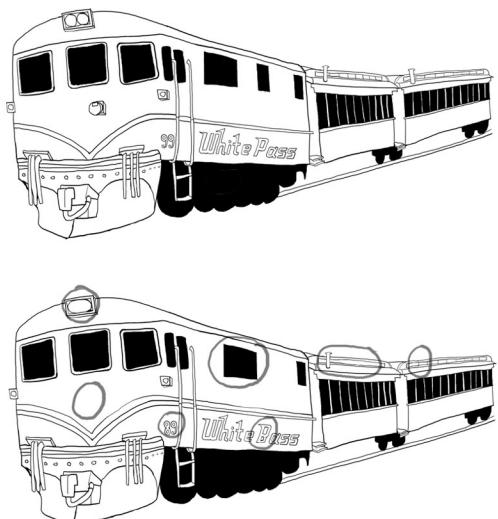

1. In the spring the fireweed starts with bright green tender leaves.
  2. In the summer pink flowers grow at the top of the fireweed and seed pods develop under the flowers.
  3. At the end of summer the pods burst open into fluffy seeds that can fly in the wind.
  4. In the fall the leaves wither and turn bright red and orange.

How many mosquitoes can you count on this page? **12**  
Draw a circle around the biggest.

Draw a **circle** around the biggest.

Draw a **square** around the smallest.

**Yukon Literacy  
Coalition**

The **Yukon Literacy Coalition** (YLC) is a community based organization committed to increasing literacy and essential skill for all learners throughout the Yukon. Offering an ever expanding selection of outreach programming, the YLC is very excited to continue building and creating resource material for the people of the Yukon to use and enjoy.

Drop by the Family Literacy Centre located on the 2nd floor of the Canada Games Centre. In the summer, look for our Literacy Wall Tent, and Book Bike and join us in our summer home of fun and learning at the Pioneer Hotel in Shipyards Park.

For more information about YLC and the work we do, please visit [www.yukonliteracy.ca](http://www.yukonliteracy.ca) or visit our Facebook page at Yukon Family Literacy Centre.

YLC thanks the City of Whitehorse and the

Yukon Territorial Government for their ongoing support.

Family Literacy  
is all the ways  
that parents and  
their children  
learn together.
